

User Onboarding Process: Business Owners (User 2)

This document outlines the **step-by-step onboarding process** for business owners (User 2) on the platform. The process ensures that only businesses providing student-centric discounts or services can join, aligning with the platform's primary user base of students.

1. Welcome Page

- Upon opening the platform, users will see two options:
 - **Option 1:** Students/Alumni (University/Institute/College).
 - **Option 2:** Business Owners (For businesses providing student discounts, products, or services).
 - **Action:** The user selects **Business Owners** to proceed.
-

2. Business Email Verification

- **Step 1:** Enter a valid business email address.
 - **Step 2:** The platform sends a One-Time Password (OTP) to the provided email.
 - **Step 3:** The user enters the OTP to verify their email.
-

3. Student Discounts Requirement

- **Step 1:** The platform asks the business owner, "Do you provide student discounts?"
 - If the answer is **Yes**, they proceed to the next step.
 - If the answer is **No**, the platform displays a message explaining that this platform primarily serves students and requires businesses to offer student discounts to join.
 - Businesses that do not offer discounts cannot proceed further.
-

4. Business Profile Creation

- **Step 1:** The user creates a detailed business profile, including:
 - Business name.
 - Contact information.
 - Business address (if applicable).
 - Logo or branding materials.

- A brief description of the business.
 - **Step 2:** The platform prompts the user to choose their **business category** (e.g., Food, Travel, Technology, Education, etc.).
 - **Step 3:** The user lists the **products or services** they offer and specifies:
 - Discounts available for students (e.g., percentage discounts, fixed offers).
 - Additional details or terms related to the discounts.
-

5. Overview of Commission Model

- The platform provides an overview of how the commission-based system works:
 - Students pay for the business's product or service through the platform.
 - The platform deducts a predefined commission from the transaction amount.
 - The remaining amount is transferred to the business owner.
 - The platform outlines:
 - **Transparency:** Exact commission rates and payment timelines.
 - **Benefits:** Access to a targeted student audience and increased sales.
-

6. Agreement to Terms and Conditions

- The user is shown the platform's **Terms and Conditions**, including:
 - Agreement to provide student discounts.
 - Acceptance of the commission-based revenue model.
 - Guidelines for maintaining an active and accurate business profile.
 - The user must agree to these terms before proceeding.
-

7. Integration into Relevant Topics

- Once the profile is approved, the business's details are integrated into the **relevant topics** on the platform as a **service element**.
 - For example:
 - A camera rental business providing student discounts is displayed under the **Media Hub**.
 - A travel agency offering discounts appears in the **Travel Hub**.
 - The business can now:
 - Manage its profile and offerings.
 - Track sales and payments.
-

8. Business Dashboard Features

Once onboarding is complete, business owners gain access to a **user interface** tailored to their needs:

- **Profile Management:**
 - Edit business details, discounts, and offerings.
 - Update categories and terms as needed.
- **Sales Overview:**
 - View transactions, commissions deducted, and payouts.
 - Generate sales and performance reports.
- **Customer Interaction:**
 - Receive inquiries from students.
 - Respond to reviews or feedback..

Other features:

- **Promotional Opportunities:** Allow businesses to highlight special offers or seasonal discounts to gain more visibility.
- **Analytics Tools:** Provide detailed insights into student engagement and sales performance.
- **Student Feedback Integration:** Enable students to leave reviews, helping businesses improve and attract more customers.
